Auto

If you do come by car, it is best to take the A12, E17, and N16.

Follow the indicated routes from the N16 to the peripheral car parks where you can park for free. Do not use GPS or other platforms. Many streets are closed.

- From these peripheral car parks, you can reach the starting point or the center of Bornem on foot or by shuttle service. The shuttle buses run on Fridays from 12:30 PM to 1:00 AM and on Saturdays from 7:30 AM to 12:30 AM. If the peripheral car park does not have a shuttle service, the walking route to the center is marked with arrows.
- ! Leave on time if you are coming from the E17. In Temse, car traffic is restricted to a single lane, making traffic jams possible.

- Bicycle parking in Bornem town center. Driesstraat, 2880 Bornem

Waste & environmental policy

The 100km Dodentocht aims to be an event with as little waste as possible. Therefore, we count on your cooperation.

Bring your own water bottle or camelbag

We no longer provide cups of water at the checkpoints. So be sure to bring your own water bottle, hydration pack, or camelbag. You can refill these for free at our tap water dispensers before or after each checkpoint.

Reusable cups

Did you receive a reusable cup at a checkpoint? Do not take it outside the post. Dispose of it in the designated bags or bins.

Join in sorting

At every checkpoint, you will find waste islands where you can leave your sorted waste. Help us sort so that we can process the waste as efficiently as possible.

On the way between two checkpoints?

Do you have any waste with you between two checkpoints? Do not throw it on the ground and do not place it on mailboxes, walls, or windowsills of residents along the route. Take it with you until the next waste bag. Even simpler: put a small waste bag in your backpack beforehand, so that you can always keep your waste with you along the way.

This way, together we keep the course and the village centers along the course clean.

Thank you for contributing to a sustainable Dodentocht!

Course

The entire route is signposted. We ask that you follow the marked route and obey the orders of the marshals and security personnel.
You are on a public road, so the traffic measures remain in effect.

GPX & Google Maps:

You can find the route digitally on the website.

Starting zone

The start is located in the Breeven recreational area. The route to the start zone is not included in the 100 kilometers.

Good to know

- If you wish to end your participation, you can use our sweep vehicles at every checkpoint. They will take you back to the center of Bornem. You are not obliged to use this service. You can also call on friends or family. When registering, we ask you to check out by scanning the QR code on the back of your badge.

- **Download app 112 in advance.**

Make sure you have the 112 app on your smartphone before you start.

Are you in need? Then, with one click via this app, you can call the fire department, ambulance, and/or police in Belgium.

The app tells where you are so that emergency services can find you more easily in an emergency situation.

DotoShop

- You can find our DotoShop at CC Ter Dilft during the pick-up days. During the weekend of August 14 & 15, you can shop to your heart's content in the shop on Kardinaal Cardijnplein.

Tracking

- Based on your race number, family, friends, and acquaintances can follow you. They will see which checkpoint you were last at and approximately what time you will arrive at the next checkpoint. The tracking page is only active from the start, so from the first scan.
